YANKI SAVGAT

GAMEPLAY & TECHNICAL DESIGNER

ABOUT

Hi there! I'm a gameplay designer, studying at [Futuregames](#) with specialization on System and Tech Design. I love connecting the dots, ensuring cohesiveness and harmonizing game's mechanics, story and systems! I also find great joy in getting technical, prototyping or solving problems!

MY WORK

Exsanguis (2024)

You are a servant of the Blood God, sworn to cleanse the land of the undead. Players fight through relentless waves in a procedurally generated dungeon. After every battle, enhance your power in blood magic, electricity, or fire before you continue to slash, cast and dash your way through. [Learn more](#)

Oakville Incident (2024)

Found footage-style FPS, horror game, following the events of an unknown attack inside the subway station. Players see the events unfold from the bodycam of the chief officer in the scene as they try to reveal the mystery of what has happened. [Learn More](#)

Prototypes & Tools

Throughout my specialization in tech and system design, I've created multiple prototypes and tools that showcase gameplay features, explore concepts, or streamline their implementation. [Learn More](#)

...I have more personal projects and detailed showcases in my [portfolio website](#).
